## IMMUNE BOOSTER BLEND WITH FOUR NATURAL INGREDIENTS FOR YOUR FINAL PRODUCT

Dear Reader,

Anklam Extrakt® designed this special mix of plant-based powders to combine the **benefits** of all four ingredients to support the immune system. Whereas it is well known, that Echinacea and Elderberry products have a **positive influence on common colds**,

Sea Buckthorn preparations are consumed because of their high Vitamin C content and therefore **contribute to the normal function of the immune system**. Finally, the combination also includes Lemon balm, for which research reported an antiviral effect.

ELDERBERRY

LEMON BALM

ECHINACEA

SEA BUCKTHORN

Besides the nervous system, the **immune system** is one of the most complex systems of the human organism. It consists of various organs and cells and usually **protects our body** very well from microbes, viral infections and other pathogenic influences. However, the functioning of the immune system also greatly depends on factors like mental well-being, sufficient physical activity or a **balanced and regular diet**.

To support the immune system Anklam Extrakt® designed a **special natural combination of four plant based powders** that can be used in your immune boost product. The blend consists of 37.5% Elderberry powder, 25% Echinacea dried pressed juice, 25% Sea Buckthorn powder and 12.5% Lemor balm extract and is suitable for liquid formulations as well as for capsules or for direct consumption in a stick pack. The blend is **water soluble** and has a **pleasantly fruity taste**.
